

Celebrating OUR PAST, PROVIDING HOPE FOR THE FUTURE.

2018 UNIVERSAL EMPLOYEE FUND CAMPAIGN

25

Years of Giving

1993 - 2018

Find out why members of the Universal Employee Fund Council dedicate their time and talents to support the mission of Lexington Medical Center and its Foundation.

Holly Ailes

Manager / Customer Service & Financial Counseling

"I choose to give to UEF because I want to help bring hope to others. The Foundation listens to employees and to the community to supply what they need to improve health care. It's good to know that if I experience hardship, UEF is here for me."

Kay S. Austin

Nurse Manager / Progressive Cardiac Unit

"I have given to the Foundation since it started UEF. I have seen the effects of our giving through patient care and assistance programs. As a manager, I have also seen how the Foundation helps employees going through catastrophic times. I believe UEF is the best way to give back to our LMC family and our community."

Cynthia Byrd

Patient Access Representative / LMC Irmo-OPS

"I give to UEF because it is an excellent way to support my co-workers, patients and community. Personally, when I lost my mother and son in a 16-day period, UEF was there for me. It also improves our services, such as the upgrade to 3-D mammography. These are just some of the ways UEF supports our mission."

Sheila Emenheiser

Nutrition Services Manager / Nutrition Services

"I believe it is our God-given duty to give back to our community. I support UEF because it helps so many people – and I have been one of them. In October 2015, the 1,000-Year Flood devastated my family. My LMC family and the Foundation were there for us in our time of need. I pray that everyone gives to UEF so that the Foundation can continue giving back to the community and making a positive impact in other families' lives."

Ashely Griffith

Scheduling & Staffing Coordinator / Inpatient Services

As a survivor of domestic violence, I'm proud to work for an organization that supports its employees when they face unfortunate events. When giving to UEF, I know I'm helping my work-family face hardships with support and compassion."

Cindy Grooms

Executive Assistant / Extended Care

"I give to UEF because I feel it's important to give back to the community and our fellow co-workers. Many people have been helped through personal tragedies by our employees' generosity. Everyone benefits when we come together through the Foundation."

Jennifer Hayes

Director / Revenue Cycle Integrity

"Giving back and helping others have always been a personal mission. I choose to contribute to UEF because it allows me to assist my co-workers and hospital patients who may be facing a hardship. It feels good to know that I contribute to a program that truly makes a difference."

Lisa Hinsberg

PACS Administrator / Radiology

I give to UEF because I see the great things the Foundation does for my department, LMC and the community. The Foundation is an avid supporter of women's health and radiology, and has helped many of our department's employees in times of need. I am honored to be a part of the UEF family and contribute to the Foundation."

John Levels, Jr.

Biomed Technician / Engineering

I give to UEF because I want to continue building a positive legacy for our patients and my co-workers. Supporting the Foundation enables them to reach their full potential and gives them help in times of need. Our donations can help this hospital continue to be strong for our community."

Ann Lyons

Business Office Associate / Lexington Endocrinology

"I have seen the hard work that goes into making UEF successful each year. The Foundation provides hope in a wide variety of ways – from scholarships for health care careers to educational tools and counseling for grieving families. For these reasons, it is important that we continue caring and sharing through UEF."

Claire Miles

Nurse Manager / 8th North Tower

Participating in UEF is one of the many ways Lexington Medical Center demonstrates compassion and care for its people and community. It's an honor to work with people you consider family. What better way to support them during difficult times and give back to your community than through UEF!

Julie V. Plane

Manager / Medical Social Services

"My parents gave to the Foundation for years and stressed the importance of giving when I became an employee 16 years ago. Every day, I see the benefits of patient programs. I also know what it's like to receive their help. The Foundation was there for me during my mother's terminal illness."

Hannah L. Powell

Practice Manager / LFP Ballentine

"During orientation, a passion stirred in my heart for UEF. I made a commitment that day to be part of something greater at LMC. I give financially to put hope into patients' lives and help my co-workers during times of need. I give my time because I can make a difference in our LMC family and in our community. I am proud to be an LMC employee, but I am honored to be a part of the UEF Council as co-chair."

Sandy Roland

Executive Assistant / Marketing

"I love knowing that we can help those in times of need. You never know when you might be the one who needs help with a financial burden. In 2015, I needed help when my daughter was injured, and I can't thank UEF enough for how they came through for my family. UEF comforts our hearts and minds."

Samantha Stallings

Physician Network Support Services

"Giving to UEF, I know I am helping other employees when they need it. It is rare to find a professional culture where so many individuals are dedicated to helping their co-workers. I am proud to serve on the UEF Council, and I look forward to the campaign each year because I know it will bring relief to individuals in their time of need."

Tom Tan

Information Services Director / Business Services

"I give to UEF and serve on the council because its core mission is to support our co-workers. We really care about and support our LMC family when they are in need."

Crystal M. Trimnal

Dispatch Supervisor/TAC/NCIC Instructor / Public Safety

"I have never seen another program use its resources to better a community in times of need. Since I started working here almost ten years ago, I have given to UEF and seen three co-workers receive assistance from the Foundation. We all have times of need; we just never know when we will be the ones who need it."

Kathy Waters

Radiology Manager / LMC Lexington Radiology

"UEF is my way of giving back to our LMC family. I have watched and supported many co-workers and patients through life-changing events. UEF has been there for them and brought these individuals peace and joy, light in dark times. How cool is that?"

Thad Werts

Fitness Specialist / Health Directions

"Even though I began giving to UEF when I started working for LMC 10 years ago, an idea for a cutting-edge exercise program for cancer survivors landed me in the Foundation's office. They told us money would not be an issue for these patients. To date, 577 survivors have come through our program, finding hope and encouragement in their time of need."

Kate Zannella

Director of PN Operations Support / Physician Network Support Services

"By supporting UEF, I'm able to give back to those who work toward our mission every day – to provide quality health services that meet the needs of our community."

Pam Free Zemp

Division Administrator / Physician Network Operation

"I am honored to be part of UEF. We affect the lives of people in our community and in our LMC family. You can make a difference at any level of giving. Every single dollar truly makes a difference! We are invested in this hospital and this community."
