

The schedule listed below will help you plan for your orientation week. Please note that you are expected to complete your entire orientation plan, including your computer training, prior to working in your department. If you have questions regarding Hospital Orientation on **Monday**, please contact Human Resources at 791-2131. If you have questions regarding Clinical Orientation on **Tuesday through Thursday**, please contact Marsha Lee at 791-2236 or the Center for Best Practice at 791-2044. If you have questions concerning your computer training classes, please contact your supervisor or manager.
