

Still Standing

During the past year, employees of Lexington Medical Center proved we are a powerful force because we band together. Together we can do anything. **Together we are HOPE.**

The Foundation's HOPE Campaign celebrates what is best about LMC — the caring hearts of our employees. In 2020, employees donated more than \$1 million to enhance the patient experience and contribute to the wellness, peace of mind and dignity of our community.

We remain committed to our mission despite every challenge, and your continued generosity shows the world we are still strong, still together and still standing.

HOPE

Helping Our Patients & Employees

2021 Employee Giving Campaign

The Foundation provides programs, services and resources in these six main areas:

EMPLOYEE CARE

The Emergency Care Fund supports hospital employees facing financial hardships due to a crisis in their lives from catastrophic life events, such as a house fire or flood, to long distance travel for family funeral and non-medical needs during a life-threatening illness.

CARDIAC CARE

The Foundation eliminates barriers between heart patients and a full recovery through patient discharge kits, Cardiac Rehabilitation services and smoking-cessation program.

CANCER CARE

Lexington Medical Center fights cancer alongside its patients. The Foundation supports this care philosophy with programs that help patients focus on their treatment and survivorship. Through the Crystal Smith Breast Cancer Fund, the Foundation provides breast cancer patients with wigs, mastectomy bras and post-surgical kits.

MOTHER/BABY CARE

Lexington Medical Center's acclaimed birth center welcomes more than 3,300 babies each year, the second highest number of deliveries in South Carolina. The Foundation's Mother/Baby programs and services help improve the overall health and well-being of these families.

- HALO® SleepSacks
- Infant Cardiopulmonary Resuscitation Kits
- Doula Program
- Newborn Baby Supplies
- Perinatal Loss Program

PATIENT CARE

The Foundation supports Lexington Medical Center's mission by enhancing hospital services and providing hope through patient and community programs. These services and programs affect every area of patient care in the hospital's network and are often the result of employee-submitted grants.

- Exercise as Medicine
- Diabetes Education
- Hospital to Home Assistance
- Support Groups at Extended Care and Carroll Campbell Place

COMMUNITY CARE

Lexington Medical Center employees and community members are a family. They find support when they need it most.

- Chaplain Services
- Caregiver Training at Leeza's Care Connection
- Nursing and Allied Health Scholarships
- Partners Program for high school students
